SALT CREEK

TERRY SOLOMON

Bass, Lead and harmony vocals

With his Texas swing and country-influenced style Terry does an awesome job of providing the instrumental foundation for the band. In addition to doing a great job with both lead and harmony vocals Terry's skill in producing the vocal arrangements for the band is second to none.

Terry has been with Salt Creek since 2005.

DON PATRICK

Banjo

When you listen to the CD it's easy to understand why Don is considered to be one of the finest banjo players in North Texas. His hard-driving rolls coupled with tasteful delivery of melodic runs makes him a double threat on the five-string. His energy and insistence on "getting it right" makes him an invaluable member of the band.

Don has been with Salt Creek since 2007.

MIKE CARPENTER

Guitar, Lead and harmony vocals

With his smooth vocals and dynamic guitar work

Mike adds just the right touch to this project.

His work in finding new material and bringing a "Texas Twist" to the band's sound keeps Salt Creek's repertoire fresh and progressive.

Mike has been with Salt Creek since 2007.

TOMMY SWAN

Fiddle

"If you're gonna play in Texas you've gotta have a fiddle in the band." That's a fact and it's also a fact that Tommy's fiddle solos and backup licks make this CD rock... and for a bluegrass CD that's really saying something. Tommy's fiddle work is admired by many and his live performances bring new followers to the Salt Creek fan base at every show.

Tommy has been with Salt Creek since 2002.

AL STENZEL

Mandolin, Fiddle, Lead and harmony vocals

Rounding out the rhythm section Al's mando chops and punctuating solos help to keep the band rock solid. Whether it be performing, recording, mixing or rehearsing Al likes to be involved in every facet of the group. His vision of an acoustic band that entertains the audience while performing straight-ahead bluegrass and country music is what's helped to keep the band going strong for over ten years.

Al is the one of the original members of Salt Creek.

The band played its first gig back in 2000.
